

Tender Proposal by Vendor C for Integrated Student Management System (ISMS)

Date: August 15, 2024

Prepared for: Singapore Institute of Technology (SIT)

Prepared by: Vendor C

1. Introduction

We are submitting our proposal for implementing a Learning Management System (LMS) for your organization. Our team has some experience with LMS projects and believes we can deliver a suitable solution for your needs.

2. Project Scope

The ISMS will serve as a comprehensive platform for managing student information, academic records, enrollment processes, financials, and communication between students, faculty, and administration.

3. Methodology

- **Initial Assessment:** We will conduct an assessment to understand your requirements. This will guide our approach to the project.
- **System Configuration:** We will configure the LMS to meet the basic needs of your institution, with some customization as necessary.
- **Deployment:** We will deploy the system on a cloud platform and ensure that it meets the essential security requirements.
- **Training:** We will provide training sessions to help your staff get familiar with the LMS.
- **Support:** We will offer support services to address any issues that arise after deployment.

5. Timeline

Initial Assessment: Approximately 2 weeks

System Configuration: Around 6 weeks

Deployment: About 6 weeks

Training: To be determined

Support: As needed

6. Pricing

The total cost for the development and implementation of the ISMS is estimated at \$1,000,000.

7. Terms and Conditions

- Payment Terms: 20% upfront, 50% upon completion of development, 30% upon deployment.
- Intellectual Property: All intellectual property developed under this contract will belong to SIT.
- Confidentiality: Vendor C will ensure the confidentiality of all client data.
- Warranty: A warranty period of 9 months will be provided for bug fixes and minor enhancements.
- Termination: Either party may terminate the contract with 60 days' notice.

8. Conclusion

Vendor C is committed to delivering a high-performance Integrated Student Management System that will meet the current and future needs of SIT. We look forward to the opportunity to work together on this project.
